-----  
Title: Journal

Author: Filberto  
-----

I drop this book in hopes  
those looking for me find  
it. Vincent and his men  
are searching the city,  
and of course won't find  
what they are looking  
for. I am told after this  
he will visit the Cyclops  
Temple to the south. I do  
hope someone is finding  
these books.
